NEW GOSFORTH DINING

The Gosforth collection has a contemporary minimalist style. In this range we hand-sand the furniture to a smooth finish – a more modern look that still leaves plenty of natural wood features.

This season we're introducing Gosforth dining furniture, a collection of dining tables, benches and stools. Each piece has tactile curves, sleek profiles, and rounded legs. A design that has a simple sophistication and subtle elegance.

There is a choice of two dining table sizes.

The Gosforth long dining table is an impressive centrepiece for a kitchen diner. At 180cm long it'll comfortably seat six for relaxed family meals or lively dinner parties.

For smaller rooms, or as extra seating in a kitchen, there's the Gosforth square dining table and stools. The perfect spot to enjoy a bite to eat.

Handcrafted from sustainably sourced timbers, and available in a choice of five hand-waxed finishes.

NEW THORNLEY LIVING

Our Thornley collection is a range of painted farmhouse style furniture with country cottage charm.

With angled painted legs and rustic table tops its design is authentically country, creating an inviting, cosy and homely space.

The Thornley collection is named after an ancient woodland in the beautiful Derwent Valley, a rural area just up the road from our workshop.

The table tops, as well as the TV stand's shelf, are finished in our signature rustic style and hand-waxed in Rustic Pine. For the paint we chose Wood Smoke from the earth-friendly British paint brand Earthborn.

Wood Smoke is a timeless classic, a chalky off-white that suits the Thornley collection's farmhouse style and will work effortlessly with a range of colour palettes in your home.
